Applicant

SCHOTT AG et al

1.	Transmittal	of the	translation	to	the applicant.
----	-------------	--------	-------------	----	----------------

The International Bureau transmits herewith a copy of the English translation of the international preliminary report or
patentability (Chapter I).

The International Bureau transmits herewith a copy of the English translation of the international preliminary report on patentability (Chapter II).

2. Transmittal of the copy of the translation to the designated or elected Offices.

The International Bureau notifies the applicant that copies of that translation have been transmitted to the following designated or elected Offices requiring such translation:

KR

The following designated or elected Offices, having waived the requirement for such a transmittal at this time, will receive copies of that translation from the International Bureau only upon their request:

AE, AG, AL, AM, AP, AT, AU, AZ, BA, BB, BG, BR, BW, BY, BZ, CA, CH, CN, CO, CR, CU, CZ, DE, DK, DM, DZ, EA, EC, EE, EG, EP, ES, FI, GB, GD, GE, GH, GM, HR, HU, ID, IL, IN, IS, JP, KE, KG, KP, KZ, LC, LK, LR, LS, LT, LU, LV, MA, MD, MG, MK, MN, MW, MX, MZ, NA, NI, NO, NZ, OA, OM, PG, PH, PL, PT, RO, RU, SC, SD, SE, SG, SK, SL, SY, TJ, TM, TN, TR, TT, TZ, UA, UG, US, UZ, VC, VN, YU, ZA, ZM, ZW

3. Reminder regarding translation into (one of) the official language(s) of the elected Office(s).

The applicant is reminded that, where a translation of the international application must be furnished to an elected Office, that translation must contain a translation of any annexes to the international preliminary report on patentability (Chapter II).

It is the applicant's responsibility to prepare and furnish such translation directly to each elected Office concerned within the applicable time limit (Rule 74.1). See Volume II of the PCT Applicant's Guide for further details.

The invention claims a glass or glass ceramic powder with antimicrobial properties. The only document among the above-mentioned documents which has been demonstrated to relate to a glass ceramic powder with antimicrobial

INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

International application No.
PCT/EP2004/010923

Box No. V

Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement

properties is the prior art document D20.

Documents D1-D6 and D11-D19 do not contain any indication on how to produce an antimicrobial powder.

The prior art in document D20 is detrimental to the novelty of the subject matter of claims 24-35 only because these claims do not refer to the glass ceramics defined in the preceding claims, since document D20 is silent on the composition of the glass ceramics. Document D20 does not contain any indication of a composition designed for the manufacture of an antimicrobial glass ceramic powder.
